ADMINISTRATIVE CLOSURE OF RCRA UNIT 777.1, ROOM 477 - VPM- 005-04

Pursuant to Section 4.5.2 of the Building 776/777 Decommissioning Operations Plan (DOP), the Kaiser-Hill Company, L.L.C. is submitting this request for administrative closure of a RCRA container storage area for your approval and transmittal to the Colorado Department of Public Health and Environment (CDPHE).

Room 477 will be clean-closed by documenting the absence of contamination ("administrative closure") in accordance with Section 4.5.1.1 of the DOP. Room 477 was originally permitted in January 2000 (RCRA Permit Modification 00-02) for container storage. Only solid waste was stored in this room, with various EPA waste codes authorized for Unit 777.1. An administrative review has been conducted of the RCRA operating record, including Waste Environmental Management System (WEMS) and RCRA weekly inspection logsheets from Feb 1, 2000 (unit inception) through Dec 28, 2001 (RCRA stable status). No spills of hazardous or mixed wastes have occurred in the unit. A visual inspection of the floor verified that no waste stains or residuals are present. Inspection logsheets are available for review upon request.

If you have any questions, please contact Carolyn Hicks at (303) 966-5773.
